A TRUE GAMING LAPTOP

The latest MSI Cooler Boost 5 excels as a dual thermal modules, adopting dual Whirlwind Blade fans with 7 heat pipes and well-endowed 4 airflows

Cooler Boost Trinity consists of triple enhanced fans, the Whirlwind Blade. Number of blades reaches up to 47, increasing 30% more airflow at same RPM

Cooler Boost Titan consists of dual enhanced fans, the Whirlwind Blade. Each fan has 29 blades, increasing 30% more airflow at same RPM with a total of 10 heat pipes

The keyboard has ergonomically-designed keys with 1.9mm key travel for better responsive and tactile feedback, supports anti-ghosting capability for up to 45 keys

25% faster trigger With only 3mm total key travel distance and 1.5mm actuation, this ultimate gaming system with yet another revolutionary keyboard is built for victors. With SteelSeries Engine 3

The fastest gaming display brings you the most vibrant visuals for the ultimate gaming pleasure.

Combining dual M.2 PCI-E Gen 3.0 SSD’s utilizing NVMe technology, harness the full performance potential of the Gen 3.0 SSD through the optimization up to 13X faster than a regular SSD

5X bigger sound chamber! feel every engine sound waves roaring past with upgraded giant speakers and world-class Dynaudio sound system: Oversize 2 speakers + 2 woofers

live the gaming immersion like never before! With simple and intuitive Nahimic 3, enhance in game 3D surround sound, with more finite control over your music, movies, and conference calls.
### GT Series

Be Fast than Ever, with Mechanical Keyboard 3mm Key Travel, 25% fast Trigger

## PS Series

![Image](image-url)

- **Indulge in the stunning visual experience of the 5.6mm thin bezel laptop**
- **The FHD-IPS Level display with an 84% screen-to-body ratio gives you a slim form factor without the bulk.**
- **Cooler Boost 3**
  - Exclusive Cooler Boost 3 consists of double enhanced fans and up to 3 heat pipes to keep your laptop cool under intense usage.
  - With an extra-large touchpad for all your multi-touch gestures, it’s more responsive, more accurate and slickly smooth to the touch.
  - Built-in fingerprint sensor is designed for high privacy protection and business security.
